Preface

The MBRSG Fact Book is designed to provide relevant and useful information to its various stakeholders about the School and is updated on an annual basis. The current edition of the document contains a compendium of information about the institution, its students, staff and the activities that the School engaged in during the past year. The information in this report has been compiled by the Department of Institutional Effectiveness with inputs from the different units in the School. The information provided on these pages reflect much of what the Department of Institutional Effectiveness reports on throughout the year. If you have any questions about the material of this publication or if you have recommendations for future editions, please do not hesitate to contact the Department of Institutional Effectiveness.

We thank all members of MBRSG for their valuable contributions to this publication.

Department of Institutional Effectiveness
Mohammed Bin Rashid School of Government

Executive President's Foreword

The Mohammed Bin Rashid School of Government (MBRSG) has firmly established itself as the foremost and pioneering research and teaching institute focusing on leadership, governance, and public policy in the UAE and the Arab world since its launch in 2005.

The School has made tremendous strides, guided by the vision and ambition of the leadership of the UAE and Dubai, and we remain as dedicated as always to our mission to influence and empower young leaders to spearhead the transformation we aspire to in the UAE and the Arab region.

By all standards, 2021 was an extraordinary year. The world breathed a sigh of relief as a gradual global recovery from the heavy economic burden of the COVID-19 pandemic began to take shape. Amidst this 'New Normal', MBRSG sought to adapt its programmes to cater to the rapid developments transforming our world. This, in turn, brought an entirely new way of thinking that we sought to impart on participants in these programmes, which they can carry with them as they reassume their positions at the helm of various government entities.

The School was proud to see the first cohort of the 'Future Pioneers' programme graduate in 2021, with 13 promising young Emirati leaders taking part. This is in addition to the 285 graduates from our Master's programmes across all specialisations in administration, innovation, and public policy.

As of 2016, the School has been led by a visionary Board of Trustees to play an increasingly effective role in championing good governance and effective public policy in the region. Integral to our strategy is collaborating with prominent partners – both domestic and international. On that note, 2021 saw MBRSG ink new partnership agreements with such prestigious institutions.

We are aware that with the rapidly changing world around us, the Mohammed Bin Rashid School of Government will constantly be faced with challenges that need to be addressed with the utmost agility. Nevertheless, we reaffirm our commitment to do all that is necessary and spare no resources to maintain and enhance our role as a source of potential solutions to the region's public policy challenges.

Dr. Ali bin Sebaa Al Marri

Dean's Foreword

The year 2021 witnessed great achievements for the Mohammed Bin Rashid School of Government, despite the global pandemic. As a PAN-Arab platform, our key objective is producing and sharing scientific and policy research and knowledge on vital themes in line with the UAE Centennial Vision 2071. The ambitious vision aims to empower future leaders and to transform the country into the happiest on earth.

The COVID-19 global crisis is the type of challenge that brings humanity together to solve problems and help and protect all citizens of the world. This is the time for leadership, the type of leadership that serves and guards while creating public value. The MBR School of Government aims to prepare future leaders with the kind of public service values and skills they will need to tackle complexity and aid governments address immediate and long term public needs.

Throughout the year, we pressed on with new initiatives including hybrid teaching and training, and research initiatives. We also collaborated with national and international organizations focusing on health, innovation, and future government policies. Furthermore, we published a record number of books, policy briefs, and journal articles. Additionally, we held numerous open online public seminars addressing topics relevant to the country, region, and the world.

Thus, it gives me great pleasure to welcome you to our 2021 Fact Book. This valuable document captures our main achievements over one year, and includes statistics, milestones, and key deliverables. Once again, welcome to the Mohammed Bin Rashid School of Government, and I wish you all health, happiness, and progress.

Professor Raed Awamleh

2021: The Year in Review

MoU with Rochester Institute of Technology in Dubai

February

MBRSG signed a MoU with the Rochester Institute of Technology in Dubai to deliver the 'Professional Digital Leader' Executive Diploma. The purpose of the program is to introduce participants to the concept of global digital transformation and its impact on our governments and institutions, all while allowing them to closely examine the incentives for digital transformation and how to benefit from them. The diploma also seeks to explain the prominent trends that are accelerating the adoption of advanced technology, as well as those that are leading to technological breakthroughs in government administration.

First Meeting of the Board of Trustees

June

The MBRSG Board of Trustees held its first meeting, headed by its Chairman His Excellency Abdulla Ali bin Zayed Al Falasi, Director General of the Dubai Government Human Resources Department, with various topics on the agenda, including MBRSG's achievements in 2020 responding to the challenges of the COVID-19 pandemic and its impact on activities. The meeting brought together all the members of the Board who were appointed following the implementation of Executive Council Resolution No. (9) for the year 2021 to form the Board of Trustees of the Mohammed bin Rashid School of Government.

Visit from South African Consul General

June

ECKC signed an agreement with DGHR, which forms part of the existing collaboration framework between the Centre and the Department. As part of the agreement, ECKC will work towards developing DGHR systems and policies, in addition to providing support and consulting services the Dubai Government Human Resources. Through the agreement, the ECKC will provide innovative and forward-thinking management solutions that would advance government operations across the emirate.

MBRSG Graduation Ceremony

September

His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE and Ruler of Dubai attended the graduation ceremony of the 7th and 8th batch of graduates of the Mohammed bin Rashid School of Government (MBRSG) Master's

programmes. His Highness Lt. General Sheikh Saif bin Zayed Al Nahyan, Deputy Prime Minister and Minister of Interior, also attended the graduation ceremony. The ceremony saw 285 students graduate from MBRSG's Master's programmes in various disciplines including administration, innovation and public policy. A total of 86 candidates from the Ministry of Interior graduated from the Executive Master of Public Administration (EMPA) programme.

Outcomes-Based Policymaking for International Development November

MBRSG hosted a three-part public administration and public policy lecture titled 'Outcomes-Based Policymaking for International Development' on November 10, 2021, bringing together policymakers, researchers, and various other stakeholders. The event featured three renowned international speakers Matthew Goldie-Scot, Charles Schulze and Matej Damborsky. The lecture aimed to educate participants on how effective policies are formulated. It also sought to determine how monitoring and evaluation mechanisms could be used in a meaningful way, and explored how innovation is driving outcomes-based policymaking.

MBRSG Training Program for EV 2020 Alumni November

As a partner institute of Emerging Voices for Global Health (EV4GH), MBRSG hosted a training program titled Emerging Voices for Global Health (EV4GH) 2020: Emergence During a Global Pandemic'. The training program was attended by over 60 attendees representing all six World Health Organisation (WHO) regions, and including several EV alumni of the 2020 cohort.

SECTION 1 -

ABOUT THE SCHOOL

MBRSG OVERVIEW

Launched in 2005 under the patronage of His Highness Sheikh Mohammed Bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE and Ruler of Dubai, as the first research and teaching institution focusing on governance and public policy in the Arab world. The School aims to support good governance in the UAE and the Arab world, and empower future leaders through an integrated system offering academic and training programs, as well as research and studies. The School began offering its first postgraduate program, the Master of Public Administration program in 2009. The School expanded its program portfolio in 2017 to include 3 Master programs under the title “Future Government Programs”.

The School's operations are founded on global best practices developed in collaboration with the Kennedy School at Harvard University, and it is considered a unique model for academic institutions in that it focuses on the practical side of governance. The School also collaborates with several government and private institutions both regionally and internationally.

The overall design and implementation of training programs is built on the foundation of scientific thought and is inspired by the reality of Arab public administration and with a view to addressing the issues and helping future leaders meet the challenges facing public administration in various parts of the Arab world. The School also organizes international and regional conferences and specialized workshops, and holds forums to facilitate the exchange of ideas and knowledge between Arab region and the world.

VISION, MISSION AND VALUES

In 2017, MBRSG reviewed its strategy, and defined its vision, mission, strategic objectives and core values.

MBRSG STRATEGY

The MBRSG strategic plan includes 3 pillars:

GOVERNANCE AND PERSONNEL

1. Board of Trustees

The MBRSG management underwent a major change in 2016 with the new composition of the Board of Trustees. HH Sheikh Hamdan bin Mohammed bin Rashid al Maktoum, Crown Prince of Dubai, Chairman of the Executive Council issued Executive Council Resolution No. (9) of 2021 on the formation of the Board of Trustees of the MBRSG. The new Board, is chaired by HE Abdullah Ali Bin Zayed Al Falasi (Director General – Dubai Government Human Resources Department) and comprises of prominent public officials:

HE Aisha Miran (Vice Chairman)

Assistant Secretary-General, Strategy Management and Governance Sector, Dubai Executive Council

HE Younus Abdulaziz Al Nasser

Assistant Director General- Smart Dubai

HE Dr Tayeb Amanullah Mohammed Kamali

Director General for Education & Training Development - Ministry of Interior

Mrs Raja Al Mazrouei

Executive Vice President- FinTech Hive

Dr Yasar Jarrar

Managing Partner IAG

HE Dr Ali bin Sebaa Al Marri

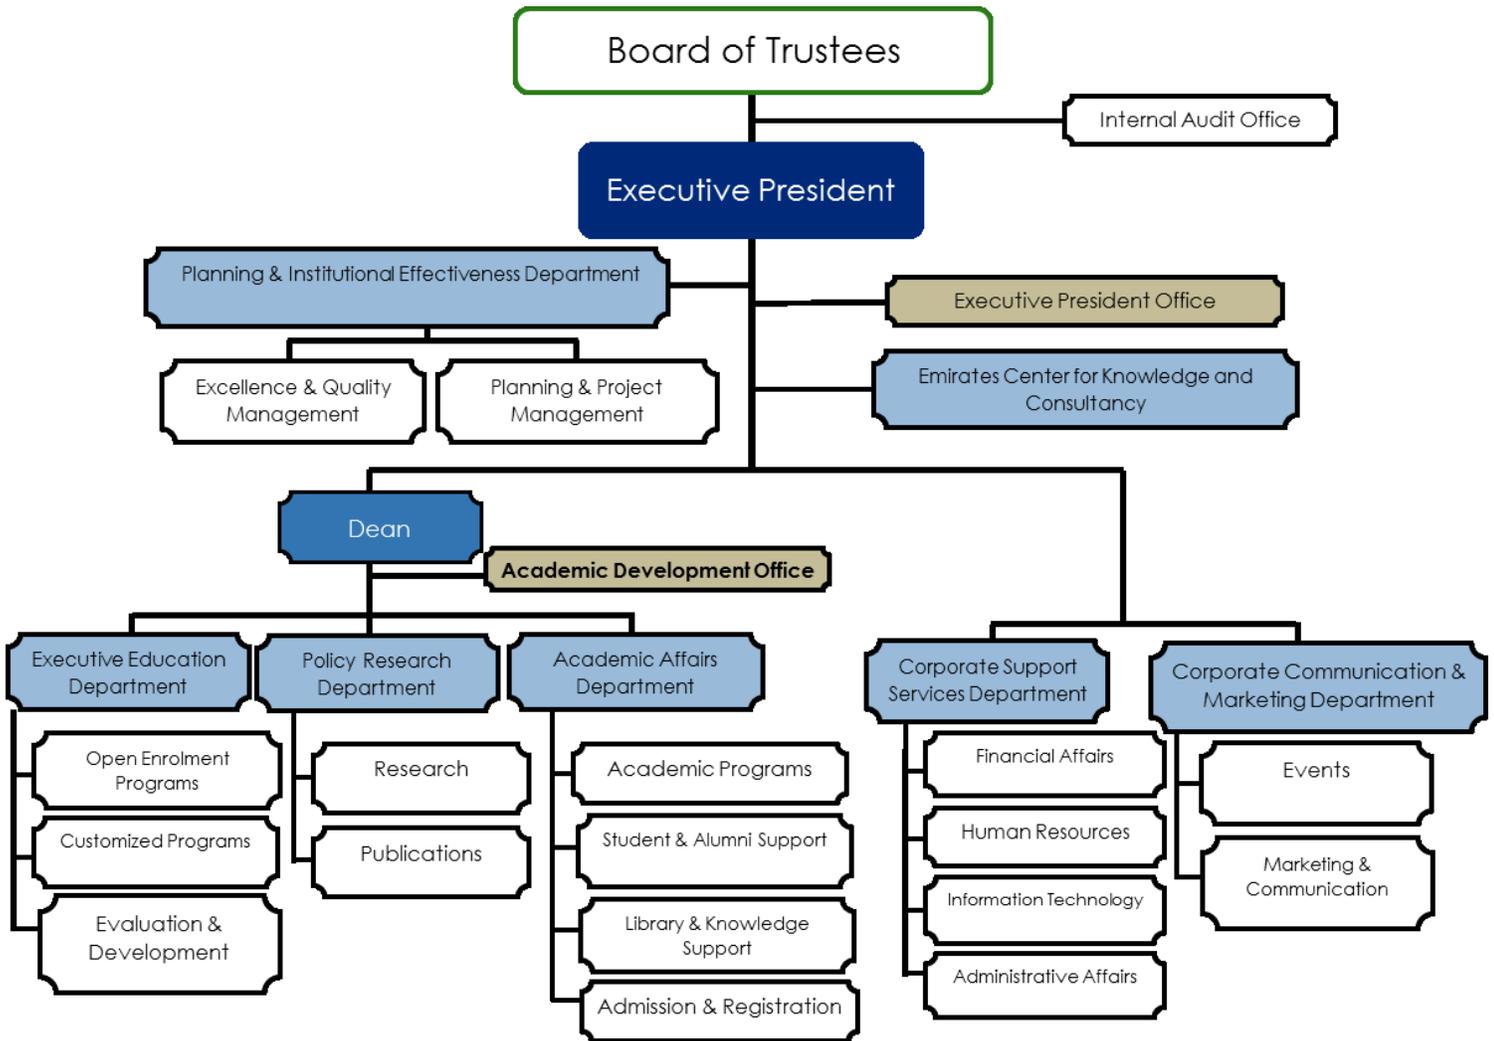

Executive President- Mohammed Bin Rashid School of Government

2. Committees at MBRSG

The Executive President is responsible for the overall administration of the School and is supported by a number of key personnel and standing Committees in the governance of the School. The standing committees of the School are listed below:

- Strategy Planning Lab
- Grievance & Complaints Committee
- Work-related Offenses Committee
- Academic Research & Executive Education Board
- MBRSG School Council
- Board of Studies
- Rewards and Incentives Committee
- Directors Formal Biweekly Meeting
- External Advisory Board
- Promotions Committee for Academic & Research Staff
- Internal Audit Committee
- Exam Board
- Award Board
- Progression Board
- Teaching and Learning Committee
- Occupational Health and Safety Committee
- Scholarship Committee
- DEAR Management Group
- Direct Purchase Committee

3. MBRSG Organization Structure 2021

4. MBRSG Key Personnel 2021

Executive President	Dr Ali bin Sebaa Al Marri
Dean	Prof Raed Awamleh
Director of Academic Affairs	Dr Arthur King
Director of Institutional Effectiveness	Ms Aisha Ibrahim Zayed Al Ali
Director of Executive Education	Ms Aisha Al Shamsi
Director of Policy Research	Mr Fadi Salem
Director of Corporate Communication and Marketing	Ms Mazna Ahmad Hafiz Salha Juma Bu-Kattara
Director of Corporate Support Services	Mr Mohammed Al Khatib
Director of Emirates Center for Knowledge and Consulting	Ms Sarah Talib

5. Accreditation

The Mohammed Bin Rashid School of Government is licensed by the Ministry of Education – Higher Education Affairs through the Commission for Academic Accreditation to offer academic programs. The following table shows the accreditation status of the academic programs offered by MBRSG.

Program	Accreditation Status
Master of Public Administration (MPA)	Received renewal of accreditation in 2019
Master of Innovation Management (MIM)	Received initial accreditation in 2016 Submitted application for renewal of accreditation in 2020.
Master of Public Policy (MPP) <u>Specializations</u> Education Health Science and Technology Social Policy Sustainable Development	Received initial accreditation in 2016 Submitted application for renewal of accreditation in 2020
Executive Master of Public Administration (EMPA)	Received initial accreditation in 2016 Submitted application for renewal of accreditation in 2020.
Postgraduate Diploma in Innovation Management	Received initial accreditation in 2016 Submitted application for renewal of accreditation in 2020

10. Statistics by Program

A) Master of Public Administration (MPA)

MBRSG launched the Master of Public Administration in 2009. The program was revised in 2013. The program is intended for students seeking to advance their career in public / private service or nonprofit management. The program helps to develop knowledge, skills and competencies needed to analyze, develop and implement policies and programs that address important issues related to the public sector and society.

Key Statistics for MPA (2021)

Indicator	Value
Number of new enrolments	12
Total Number of students (new + returning)	28
Percentage of UAE nationals	86%
Number of male students	10
Number of female students	18
Average age	34
Number of countries represented by MPA students	5
Average class size	5

B) Master of Innovation Management (MIM)

The Master of Innovation program was first offered in Spring 2017. The Master of Innovation Management program is designed for professionals working in and with the public sector, who wish to pursue a career in innovation management. The program uses a quintuple helix approach which includes: a strong theoretical foundation on core concepts of innovation management in the context of the creation of public value; experiential learning through interactive workshops and discussions and practice-based assessments; and personal competencies development for leaders in charge of leading, designing, managing and implementing innovations. The focus is understanding and solving wicked problems using design thinking and a customer-centric approach to solve problems that impact public value. The MIM program reflects the 2018 UAE Advanced National Innovation Strategy, the National Advanced Sciences Agenda 2031, UAE Vision 2021, and the aspirational goals outlined in the Centennial Plan 2071.

Key Statistics for MIM (2021)

Indicator	Value
Number of new enrolments	17
Total Number of students (new + returning)	34
Percentage of UAE nationals	91%
Number of male students	12
Number of female students	22
Average age	35
Number of countries represented by MIM students	3
Average class size	7
Number of graduates	19

C) Master of Public Policy (MPP)

The Master of Public Policy was first offered in Spring 2017. The Master of Public Policy (MPP) program is designed to provide education which complies with international norms, for professionals to develop further as leaders in a variety of roles, including public policy analysis and planning, public management and services, research institutes, government orientated positions within the private sector and the third sector organizations. The MPP Program is also aligned to the seven key strategic objectives of the UAE National Innovation Strategy (NIS) in addition to alignment with the United Nations Global Goals- Sustainable Development Goals (SDGs) and in close cooperation and coordination with the UAE Federal Competitiveness and Statistics Authority (FCSA). The program is offered with specializations in Education, Health, Social Policy, Science and Technology, and Sustainable Development.

Key Statistics for MPP (2021)

Indicator	Value
Number of new enrolments	13
Total Number of students (new + returning)	23
Percentage of UAE nationals	94%
Number of male students	8
Number of female students	28

D) Executive Master of Public Administration (EMPA)

MBRSG launched the Executive Master of Public Administration program in Spring 2017. The program provides students with the opportunity, skills and knowledge to coordinate and implement coherent policy alternatives, in order to implement successful cost-effective programs. The 'executive' element of the EMPA program is primarily designed to educate working executives, managers, and other business leaders in a cohesive learning environment that is designed to fit the variety of different students' schedules. The EMPA program requires students to attend blocks of lectures, and then complete a large portion of the work on their own time.

Key Statistics for EMPA (2021)

Indicator	Value
Number of new enrolments	45
Total Number of students (new + returning)	100
Percentage of UAE nationals	98%
Number of male students	96
Number of female students	49
Average age	37
Number of countries represented by EMPA students	4
Average class size	26
Number of graduates	79

11. Student Satisfaction Summary

MBRSG measures student satisfaction with their modules of study through the Module Evaluation Survey conducted at the end of each semester. The below table has been prepared using data extracted from the Module Evaluation Survey and provides an overview of student satisfaction with their academic program of study.

Overall Student Satisfaction with academic program		
Program	Spring 2021	Fall 2021
Executive Master of Public Administration	88.08%	90.66%
Master of Public Administration	89.70%	94.11%
Master of Public Policy	91.16%	91.82%
Master of Innovation Management	84.73%	84.67%

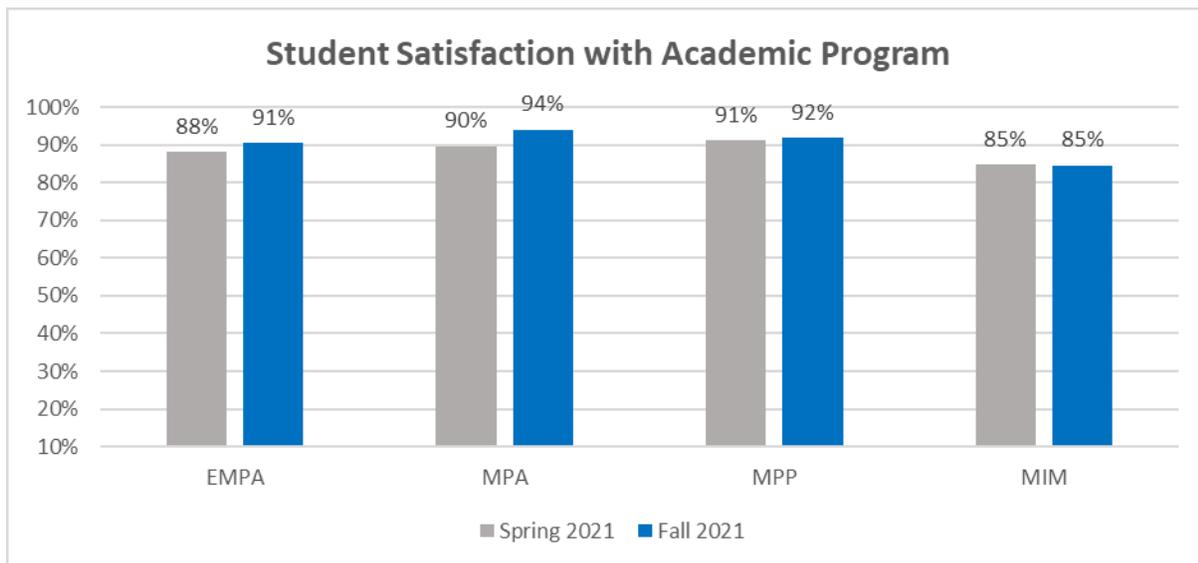

Fig 2.11.1: Student Satisfaction Summary

12. Student Attendance Summary

MBRSG monitors student attendance and records it on the Quercus system. The below table provides the average student attendance rate in each of the programs during 2021 Spring and Fall semesters

Student Attendance Rate		
Program	Spring 2021	Fall 2021
Executive Master of Public Administration	99%	96%
Master of Public Administration	99.1%	94.8%
Master of Public Policy	98.5%	97.4%
Master of Innovation Management	97.6%	92.2%

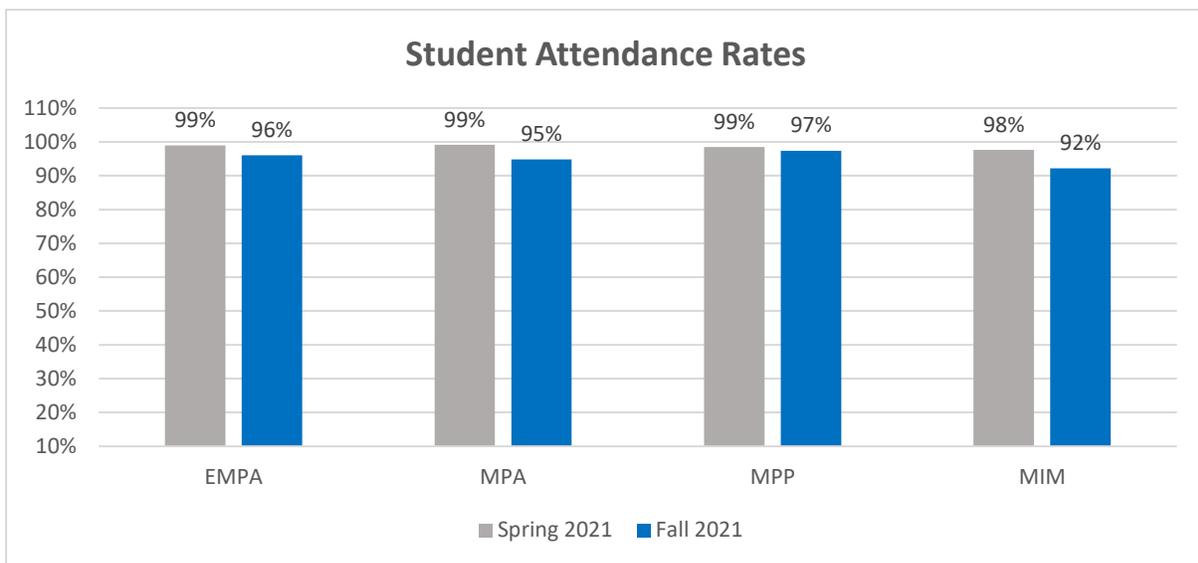

Fig 2.12.1: Student Attendance Summary

13. Tuition Grants and Scholarships

The Mohammed Bin Rashid School of Government provides opportunities for students to receive three types of grants. If applicable, the grant amount(s) will be deducted from the total tuition fees payable for all postgraduate programs offered. Each grant is worth 10,000AED and are detailed as follows:

- Emirati National Grant: AED10,000 grant (deducted from total fees) to be offered to all Emirati Nationals who enroll.
- Working in Government Grant: AED10,000 grant (deducted from total fees) offered to all students who work in government full time. This includes all federal and local governments in the UAE.
- Institutional Grants: AED10,000 grant (deducted from total fees) offered to any student coming from an institution that sponsors five or more students.

In addition to the regular grants stated above, in Fall 2021 MBRSG offered a grant covering 50% of program fees for students enrolling in MPA, MIM or MPP programs

The below table shows the number of grants awarded in 2021:

Student Grants 2021					
Number of grants	MPA	MIM	MPP	EMPA	Total
Number of grants	13	25	29	135	202

MBRSG recognizes academic excellence of students through the award of scholarships. MBRSG also provides scholarships to People of determination to support their educational aspirations. MBRSG has signed MOUs with various government entities which has resulted in the sponsorship of employees of these entities to undertake studies at MBRSG. The table below shows the number of internal and external scholarships obtained by MBRSG students.

Student Scholarships 2021					
Type of Scholarship	MPA	MIM	MPP	EMPA	Total
MBRSG (internal scholarship)	12	7	6	1	26
External sponsorship	1	5	0	64	70

14. Graduates

Overall MBRSG Graduates

MBRSG has produced a total of 506 graduates till date of which 261 graduates are from the Executive Master of Public Administration program. The Master of Public Administration program has produced a total of 169 graduates. The MIM program produced its first graduate in 2019 and a total of 45 students have graduated from the program till date. 30 students have graduated from the MPP program (from various specializations) since its commencement while one student has graduated from the Postgraduate Diploma in Master of Public Policy (Social Policy) program.

SECTION 4 -

FACULTY RESEARCH

1. Research at MBRSG

Research is at the core of the MBRSG mission to produce knowledge, disseminate best practices, and train policy makers in the Arab world. To that effect, MBRSG seeks to address a double academic challenge, and link research to policies within its institutional work and as part of its collaboration with its regional and international partners. Research areas are diverse and cover an array of themes including public administration, governance, future government and innovation, sustainable development, well-being and happiness, economics, education, health and public policy.

The Policy Research Department and the Academic Research and Executive Education Board provides leadership in all research-related activities and is responsible for promoting a research culture in the School by effectively communicating research expectations, research ethics credibility and research opportunities to academic staff, researchers, and students. The Board devises and manages a range of initiatives designed to enhance research activity in the School, including a research seminar/workshop series, a research funding program, a conference attendance support program, and an external research collaboration program.

Academic Research and Executive Education Board members - 2021	
Prof. Raed Awamleh (Chair)	Dean
Dr Arthur King (Member)	Director of Academic Affairs
Fadi Salem (Member)	Director Policy Research
Dr. Mona Mostafa Elsholkamy (Member)	Assistant Professor
Aisha Al Shamsi (Member)	Director of Executive Education
Saleh Al Hamouri (Member)	Executive Education Consultant
Amal Anwar Elsis (Member & Secretary)	Research Officer

2. Research Output Snapshot

SECTION 5 -

EXECUTIVE EDUCATION

1. Executive Education Programs

Mohammed Bin Rashid School of Government is committed to developing institutional capacity in the region and offers executive education programs that equip leaders in the public and private sectors with the skills to confront the region's evolving policy challenges. MBRSG executive education programs provide concise, focused courses that target government and non-government leaders seeking to enhance their expertise in public policy, leadership, management, strategic planning and financial management. During 2021, MBRSG offered a total of 25 executive education programs. 153 trainers contributed to delivering the executive education programs. During 2021, the executive education leadership programs had a total of 126 graduates who are employed at various government entities in the UAE.

2. Customized Programs

MBRSG's customized executive education programs are designed to help institutions realize their full potential by introducing integrated, customized, capacity building solutions. Each customized program is designed as a collaborative effort bringing together MBRSG faculty and staff with representatives from client institutions. During 2020, 14 customized programs with a total of 103 modules were delivered to 7 entities. A total of 244 participants attended the customized programs.

List of Customized Programs offered in 2021

**EMIRATES CENTER FOR
KNOWLEDGE AND
CONSULTANCY**

(ECKC)

1. About ECKC

The Emirates Center for Knowledge and Consultancy (ECKC) is the management consulting arm of the MBRSG. His Highness Sheikh Hamdan bin Mohammed bin Rashid Al Maktoum, Crown Prince of Dubai and Chairman of The Executive Council in Dubai, launched the ECKC on May 26, 2016, in order to offer management consulting services to public sector organizations based on sound management theories, practical expertise, and applied knowledge.

The ECKC offers its services in five different areas for effective and efficient public administration and management. The services are offered in the fields of governance and organizational design, strategy and organizational performance, human resource management, knowledge management and innovation management. In its first four years, the ECKC has provided management consulting services in different scopes to over 15 different organizations in the UAE.

Some of the offerings of the ECKC since its inception has included, but is not limited to, the below:

- Organizational design and development
- Analysis of organizational productivity, efficiency, and effectiveness
- Development of internal policies and governance frameworks
- Drafting of functional mandates for organizational units
- Drafting of job descriptions
- Development of organizational authority matrices
- Business process re-engineering
- Designing the vision, mission, and organizational values
- Building of the strategy map, themes, and objectives
- Identification of suitable and relevant key performance indicators
- Bridging of performance gaps by developing the necessary strategies and initiatives
- Development of Human Resources strategies, policies & procedures based on local and international best practices
- Implementation of various local & international excellence standards
- Assessment of knowledge management maturity and development of the necessary plans to fill any gaps
- Development of innovation management frameworks using the latest tools in the field
- Development of a comprehensive innovation management strategies and labs
- Scenario planning and future foresight

In order to leverage on the accumulated applied knowledge within the different public sector entities in the region, the ECKC designs, develops and delivers the Internal Management Consultant Program (IMCP). The IMCP is a capacity building program designed for the purpose of equipping participants with the required tools and techniques to better utilize their knowledge, skills and expertise in the different areas of public management. The program allows participants to perform three roles upon the successful completion of the program: be able to deal with external consultants and set clear expectations by representing their

organization, act as an internal management consultant to identify, contain and resolve public management challenges and opportunities and be able to provide their management consulting services to other organizations through the ECKC. The center has trained over 150 individuals from local, federal and regional public entities since the start of the program in 2016.

2. ECKC Key Statistics

ECKC Consulting projects					
Year	2017	2018	2019	2020	2021
Number of Projects	5	5	7	6	10

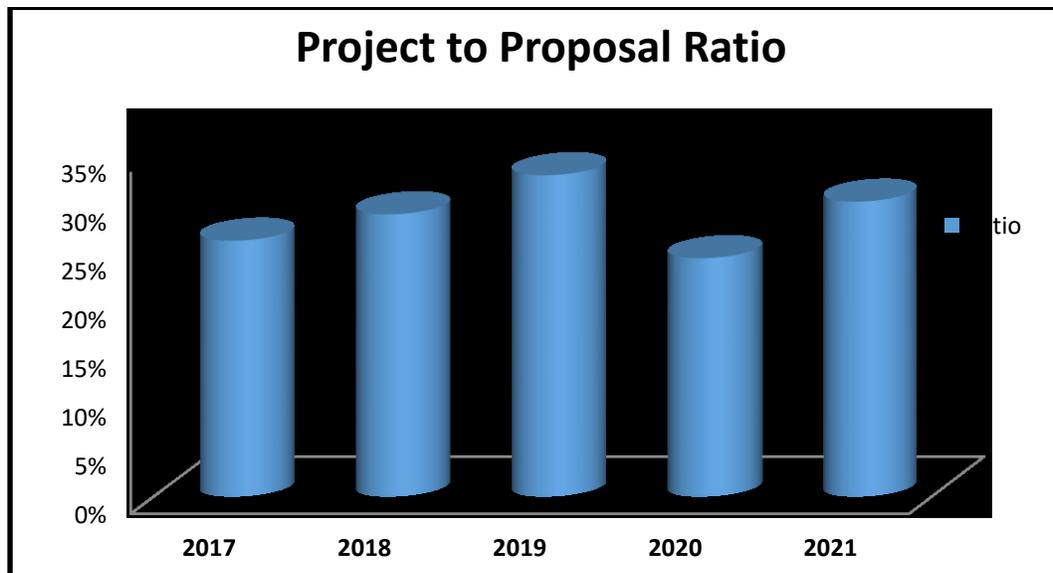

Fig 6.2.1 Project to Proposal Ratio

* Project to proposal ratio measures the proportion of consulting projects executed in comparison to the number of proposals submitted to clients

SECTION 7 -

**ACADEMIC SUPPORT
SERVICES**

1. Library

The aim of the Mohammed Bin Rashid School of Government library is to support teaching, research, and lifelong learning by utilizing the best possible resources and latest information technologies. MBRSG Library provides a comprehensive collection of books covering subject areas related to public policy and public administration, and electronic resources to students, staff and research associates. The library’s print as well as electronic books can be searched through an online catalog.

Online databases	7	7	8	7	7
Number of books (printed)	6500	7750	8000	8150	8150
Number of textbooks	70	50	54	54	56
Library availability (hours per week)	60	60	60	60	60
Number of journals	0	0 (no print journals)	0 (no print only electronic journals)	0 (no print only electronic journals)	0 (no print only electronic journals)

2. Information Technology Services

Information Technology division falls under the Corporate Support Services Department and is responsible for setting a corporate technology plan, which is aligned with the MBRSG Strategic Plan. The division is responsible for setting the technology policies, networking of computers, and hardware and software settings. The IT team works to ensure that MBRSG employees have full access to different computer systems. IT also ensures data security, manage programming services, and offers technical support to develop educational material and solve related computer problems. The IT below summary graphs of IT resource utilization and technology implementation provide a gauge of the effectiveness of the IT services provided.
